

FROM SEED TO YIELD.

Insights from the week of: January 11, 2020

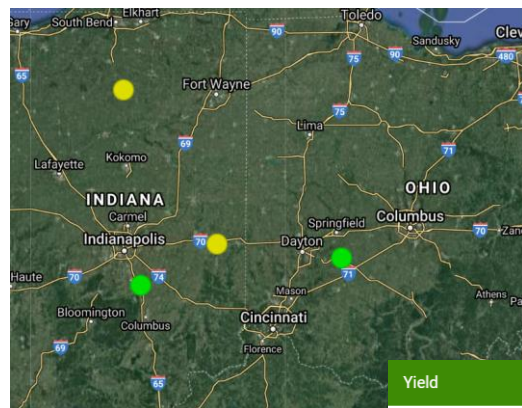

By WINFIELD UNITED

CP4676SS/RIB

- Standout performance in 2020 fueled by excellent drought and stress tolerance at lower populations
- While the medium to better acre is targeted for this hybrid, allowing this hybrid to flex at lower populations is key to better versatility and improving stress tolerance
- Best in class emergence in CHT-105 across all Answer Plots in Ohio
- Strong southern movement
- Excellent staygreen and intactness to drive kernel depth capturing yield late season

2020 Answer Plot® trials: performance against mean in Ohio and Eastern Indiana

[Learn more about CP4676SS/RIB](#)

CP4444VT2P/RIB

- Consistent and stable performance across multiyear data
- Moderate-tough acre companion to CP4676SS-RIB
- Low response to nitrogen and fungicide scores ---the management matches the placement
- Good stalks, roots, and ability to retain yield following periods of stress

2019/2020 Answer Plot® trials: performance against mean, Eastern United States
