

# OptiStart®/Plus

## Balanced Starter Fertilizer

OptiStart®/Plus fertilizer is a clear liquid that contains a blend of orthophosphate and polyphosphate. The orthophosphate is readily available to the plant at application, while the polyphosphate converts to a plant-available form over time. This blend helps ensure nutrients are always available to young plants.

### FEATURES AND BENEFITS

- Contains nutrients to help promote early plant growth in cooler spring soils.
- High-quality liquid fertilizer that is clean and easy to handle.
- No solids to plug equipment.
- Water soluble, pure liquid formulation for uniform analysis and mix.
- Provides a highly stable formulation with excellent storability.
- Contains the complexing action of CropPlex® technology to help increase nutrient uptake.
