

OptiStart®/Climb

Balanced Starter Fertilizer

OptiStart®/Climb fertilizer is an easy-to-use in-furrow starter designed to help get plants off to a quick start. By delivering available phosphorus and essential nutrient elements, OptiStart®/Climb helps optimize yield potential.

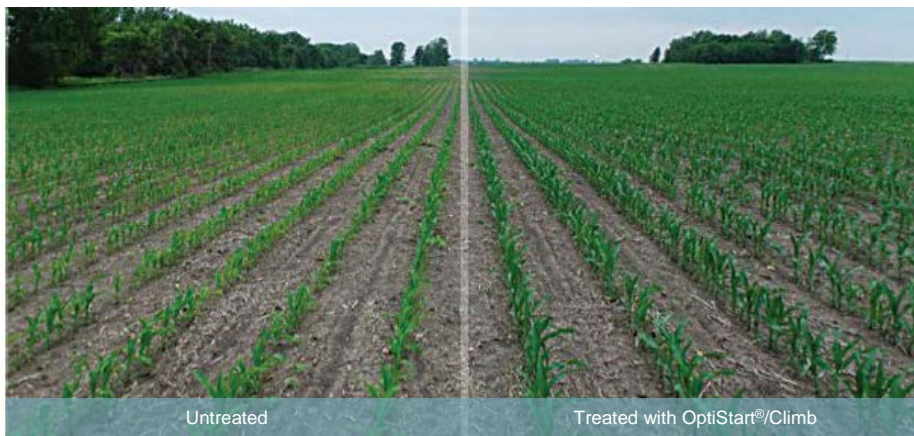

FEATURES AND BENEFITS

- Contains AVAIL® fertilizer enhancer to help reduce phosphorus fixation in the soil.
- Provides a complete blend of macro- and micronutrients essential for early season plant vigor.
- Flexible formulation that may be applied in-furrow or banded at planting.
- High-quality liquid fertilizer that is clean and easy to handle.
- No solids to plug equipment.
- 100% water soluble, pure liquid formulation for uniform analysis and mix.

AVAIL® Fertilizer Enhancer

AVAIL® fertilizer enhancer is designed to reduce phosphate fixation. It works by binding antagonistic cations like calcium, magnesium, iron and aluminum to the AVAIL® fertilizer enhancer polymer, which protects the phosphate from tie-up and helps keep it available for plant uptake.

Field Example

REGION
All

USE RATE†
In-furrow: 1-4.5 gal/A
2x2: 10-18 gal/A

APPLICATION GUIDE†
Designed to be applied as a starter fertilizer.

ACTIVE INGREDIENTS†
9.0% Nitrogen
18.0% Phosphate (P₂O₅)
6.0% Potash (K₂O)
2.0% Sulfur
0.05% Manganese
0.5% Zinc

PACKAGING
250 gallon totes
Bulk
