

# Shredder® E-99

By WINFIELD UNITED

## A Unique 2,4-D formulation

2,4-D has been commercially available for over 50 years, but WinField® United has created a unique ester formulation with Shredder® E-99 herbicide that delivers 6 pounds of active ingredient per gallon for exceptional weed control and easy mixing with all types of herbicides and fertilizers.

### FEATURES AND BENEFITS

- A true 6 pound of 2,4-D per gallon formulation
- Excellent mixing characteristics, especially with fertilizers
- Low odor formulation
- Highly effective weed control
- Delivers all the benefits of an ester formulation
  - Improved efficacy compared to amine formulations
  - Compatible with both IPA and K salt glyphosates.
